Construction Starts on Savings-Loan Headquarters

Announcement has been made by Fred E. Edwards, president of Southwest Savings and Loan, that construction has begun on the association's new home office. The building will be located on the southwest corner of Manchester boulevard and Sixth avenue in Inglewood. The site was acquired several months ago, and contract to

draft the plans was awarded to the Bank Building corporation, architects of St. Louis, Missouri.

On Manchester boulevard the lot size is 135 feet and 120 feet on sixth Avenue assuring ample parking space for customers. The new quarter-million dollar structure will have a first floor and a basement at a total floor area of 9600 square feet.

The approved plans specify contemporary design throughout and utilize such materials as Roman face brick, glass, porcelain enamel and aluminum.

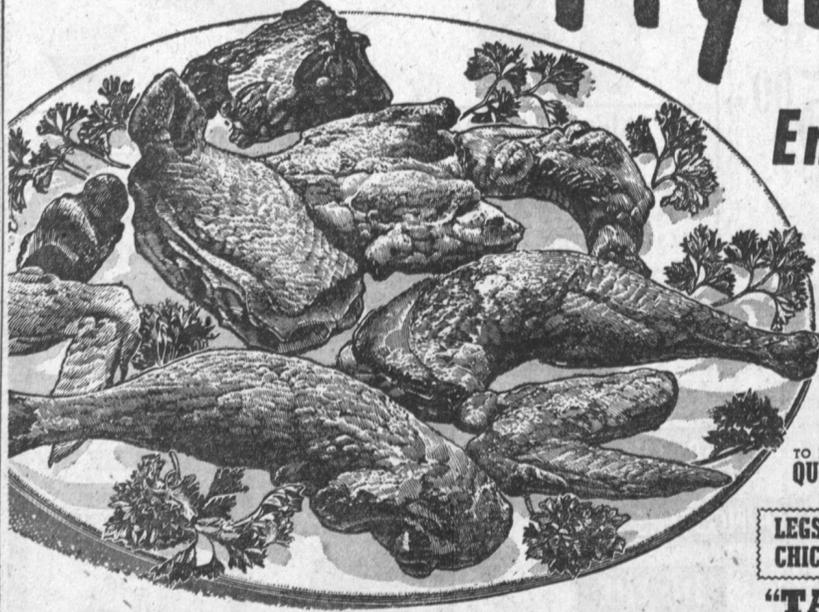

The interior will be completely air conditioned and in addition to Edward's office operational facilities will feature a safe deposit section, coupon booths, tellers' work space, officers' area, escrow booths, insurance office and a directors' room.

For the convenience and comfort of customers a public lounge will be available plus a community room for employees and civic organizations.

As part of the expansion program, Edwards has also disclosed provisions for a greatly enlarged and modern new quarters for Southwest Savings Torrance branch to be located in the heart of the community several doors away from its present address, 1439 Marcellina avenue.

Founded in 1945 by Edwards on an original capital and surplus of \$40,000, present savings accounts and total assets have grown to over \$30,000,000. The association operates under state charter and is a member of the Federal Home Loan Bank System and the Federal Savings and Loan Insurance corporation.

Some of the courses being offered include: Accounting principles, Applied Accounting, Business Mathematics, Mathematics of Finance, Intermediate Accounting, Income Tax Procedures, Business Law, Introduction to Business, Applied Business Management, Freight Traffic Management, Elements of Supervision, Management and Labor, Management Training Technique, Safety Training, Fire Prevention, Human Relations, Calculating Machines, Machine Bookkeeping, Rotary Calculator, Introduction to Office Machines, Calculating Machine Practice, Typing, Shorthand, Office Methods and Procedures, Filing, Business English, Secretarial Practice, Human Relations in Business, Salesmanship, and Work Experience.

Classes in most categories are offered both in day and evening programs. Anyone wishing detailed information on classes may obtain a schedule of classes by telephoning the college.

Persons eligible to enroll in classes at Harbor Junior college include anyone 18 years of age or older, high school graduates and veterans taking training under federal or state laws.

Douglas Bus Line Scores Safety Run

A record 1,219,609 passengers were carried 398,777 miles during the 1955-56 year ended June 30 on Douglas Aircraft's El Segundo Division buses without a single injury, it was reported this week by M. L. Andrews, administrator of safety and conservation.

The June 30 date coincides with the National Safety Council's annual fleet contest.

Douglas El Segundo Division buses travel both in-plant and to and from the company's Torrance location. Ward Woodley, El Segundo Division transportation department administrator, credited the individual drivers for the safety record. They include: Paul McMullin, W. Morrison, R. Winters, J. Flaif, L. Williams, L. Dorris, Gerald Rodenhauer, Jack Raley, Ralph Parsons, Al Delangie, Bill Metz, Bud Brandenburg, S. Thatcher, G. Carbenier, Jack Chalcraft, W. Daniels, Jim Hughes, G. Kiser, H. L. Flisk, C. J. Schaars, and G. Mitchell.

The drivers are under M. C. Tucker, Director of the Douglas company's Communications and Office Services, which includes the courier service. They are under the immediate supervision of F. J. Kisbey, courier service department head at the El Segundo Division.
